Durability

- Tenacity polyester has elasticity and is also resistant to dirt.
- Beaufort is UV and water resistant
- Beaufort is suitable for indoor and outdoor
- This rug can be used with under-floor heating, unless it is a wall to wall carpet.
- Beaufort has officially been tested and is suitable for residential and contract use.

Fire safety

Beaufort tested for flame retardants

Maintenance

- It is important to vacuum your rug at least once a week to prolong its durability.
- In order to prevent heavy use on one particular location, we recommend turning your rug around once in a while.
- Due to our use of natural materials, slight colour differences may occur.
- We offer personal maintenance advice via www.james.eu

Underlay

- For rugs to be placed on wooden floors or natural stone floors (e.g. marble), the use of an underlay is strongly recommended.

Warranty

- Carpet Sign offers 5 years warranty (excluding shading)
