JEWEL

COLLECTION

'Jewel' is a sculptural 3D rug collection where depth, texture, and luxurious detailing come together. The collection explores the contrast between high and low bouclé pile heights, resulting in a rich, tactile surface with a strong sense of dimension.

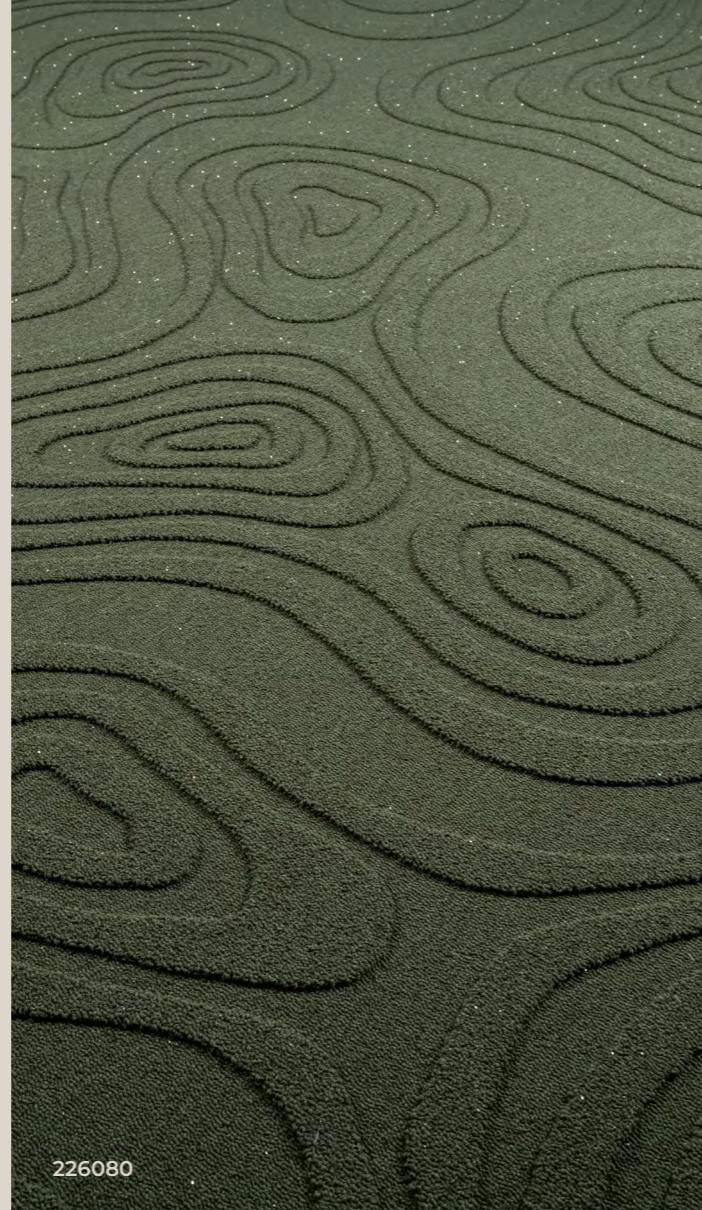

Inspired by the faceted elegance of jewels and gemstones, 'Jewel' reveals flowing contours and layered organic forms. The interplay of height and texture creates a subtle play of light and shadow, giving each rug a refined yet expressive presence.

Crafted from 100% fine worsted New Zealand wool and enriched with delicate, subtly shimmering sequins, the rugs reveal a breathtaking sparkling effect. 'Jewel' balances innovation with timeless luxury, an expressive collection defined by texture, depth, and refined detail.
